

ACCELERATED CLASS FOR HUMANITIES (ACH)

ACS (Independent) offers an Accelerated Class for Humanities (ACH) for students in the Year 3 & 4 Integrated Programme, which aims to encourage students with high intellectual potential and learning dispositions to pursue a course of study that nurtures their passion in the Humanities. Through a curriculum and learning environment that deepens students' understanding of the interconnectedness of knowledge, challenges assumptions and develops their appreciation of the complexities and intricacies of humanity, the ACH equips learners for the rapidly changing 21st century world and develops the desired ACSian attributes of critical thinking, reflection, communication, cross-cultural skills and global awareness.

Students in the ACH will be provided with a suite of learning opportunities such as mentoring, service-learning and enriched curricula in Language Arts and the Humanities. The ACH also provides a platform to expose students with potential to MOE's Humanities Scholarship Programme (HSP).

Subjects Offered

1. Language Arts (LA)
2. Mother-Tongue Language or Higher Mother-Tongue Language
3. Chemistry
4. Physics
5. Core Mathematics
6. Advanced Mathematics
7. International Studies (IS)
8. History or Geography
9. Disciplines of Thought (DoT)

Talent Development Programmes

Students in the ACH will participate in programmes designed to nurture their talents in the Humanities. These may include:

- Creative Arts Programme
- Literature Seminar
- Humanities and Social Sciences Research Programme
- Model United Nations @ AC
- Humanities Overseas Education & Community Service Programme

Interdisciplinary Project

ACH students will also carry out an Interdisciplinary Project at the end of Y3 to deepen and enrich their learning.

Special Programmes Briefing for Y2 Students and Parents

There will be an upcoming briefing for Y2 students and parents where the various special programmes at Y3 will be shared, including the ACH. Stay posted for updates!

In the meantime, you may find more information on our Talent Development Programmes on our school website, using the QR code.
