

YEAR 5 CLASS CAS PROJECT: COLLABORATION WITH SHINE CHILDREN AND YOUTH SERVICES

Class 5.11's CAS project, *thepoemproject*, aimed to support the Reading Odyssey programme offered by SHINE Children and Youth Services. Through a series of four tutoring sessions, each lasting approximately 1 hour and 30 minutes, we sought to equip underprivileged children with essential skills such as independent learning, critical thinking, teamwork, and collaboration. Our goal was to cultivate a lifelong passion for reading among these students.

We encountered challenges in planning and implementation but persevered through reflection and continuous improvement, developing valuable interpersonal skills during *thepoemproject*.
